

The Chefs' Warehouse Reports Second Quarter 2024 Financial Results

July 31, 2024

RIDGEFIELD, Conn., July 31, 2024 (GLOBE NEWSWIRE) -- The Chefs' Warehouse, Inc. (NASDAQ: CHEF) (the "Company" or "Chefs"), a premier distributor of specialty food products in the United States, the Middle East, and Canada, today reported financial results for its second quarter ended June 28, 2024.

Financial highlights for the second quarter of 2024:

- Net sales increased 8.3% to \$954.7 million for the second quarter of 2024 from \$881.8 million for the second quarter of 2023.
- GAAP net income was \$15.5 million, or \$0.37 per diluted share, for the second quarter of 2024 compared to \$9.9 million, or \$0.25 per diluted share, in the second quarter of 2023.
- Adjusted net income per share¹ was \$0.40 for the second quarter of 2024 compared to \$0.35 for the second quarter of 2023.
- Adjusted EBITDA¹ was \$56.2 million for the second quarter of 2024 compared to \$51.1 million for the second quarter of 2023.

"Second quarter customer demand and pricing displayed typical seasonality as revenue and profitability continued to build as expected - moving from a solid first quarter into the seasonally stronger second quarter months. Our operating divisions across domestic and international markets delivered strong unique customer and item placement growth and managed pricing effectively while providing our customers with high-quality product and high-value service," said Christopher Pappas, Chairman and Chief Executive of the Company. "We are extremely proud of all our teams, from sales, sourcing, pricing, operations and support functions, coming together to deliver value to our customers and leveraging our diverse and broad supply chain, value-add processing and culinary expertise to assist our customers with managing menu development as well as product and labor related costs."

Second Quarter Fiscal 2024 Results

Net sales for the second quarter of 2024 increased 8.3% to \$954.7 million from \$881.8 million in the second quarter of 2023. The growth in net sales was the result of an increase in organic sales of approximately 7.2% as well as the contribution of sales from acquisitions, which added approximately 1.1% to sales growth for the quarter. Organic case count increased approximately 4.7% in the Company's specialty category for the second quarter of 2024 with unique customers and placement increases at 8.2% and 11.3% respectively, compared to the second quarter of 2023. Organic pounds sold in the Company's center-of-the-plate category increased approximately 2.9% for the second quarter of 2024 compared to the second quarter of 2023.

Gross profit increased 9.9% to \$229.0 million for the second quarter of 2024 from \$208.4 million for the second quarter of 2023. The increase in gross profit dollars was primarily as a result of increased sales and price inflation. Gross profit margins increased approximately 35 basis points to 24.0%.

Selling, general and administrative expenses increased by approximately 8.8% to \$194.8 million for the second quarter of 2024 from \$179.0 million for the second quarter of 2023. The increase was primarily due to higher depreciation and amortization driven by acquisitions and facility investments, and higher costs associated with compensation and benefits, facilities and distribution to support sales growth. As a percentage of net sales, selling, general and administrative expenses were 20.4% in the second quarter of 2024 compared to 20.3% in the second quarter of 2023.

Other operating expenses, net decreased by \$3.8 million primarily due to an impairment charge on customer relationships intangible assets of \$1.8 million recorded during the second quarter of 2023 related to the loss of a significant Hardie's Fresh Foods customer post-acquisition and lower third-party deal costs incurred in the second quarter of 2024 in connection with business acquisitions and financing arrangements.

Operating income for the second quarter of 2024 was \$33.9 million compared to \$25.3 million for the second quarter of 2023. The increase in operating income was driven primarily by higher gross profit, partially offset by higher selling, general and administrative expense, as discussed above. As a percentage of net sales, operating income was 3.6% in the second quarter of 2024 as compared to 2.8% in the second quarter of 2023.

Net income for the second quarter of 2024 was \$15.5 million, or \$0.37 per diluted share, compared to \$9.9 million, or \$0.25 per diluted share, for the second quarter of 2023.

Adjusted EBITDA¹ was \$56.2 million for the second quarter of 2024 compared to \$51.1 million for the second quarter of 2023. For the second quarter of 2024, adjusted net income of \$14.4 million, or \$0.35 per diluted share for the second quarter of 2023.

2024 Guidance

We are providing fiscal 2024 full year financial guidance as follows:

- Net sales in the range of \$3.665 billion to \$3.785 billion,
- Gross profit to be between \$874.0 million and \$902.0 million and
- Adjusted EBITDA to be between \$208.0 million and \$219.0 million.

The Company will host a conference call to discuss second quarter 2024 financial results today at 8:30 a.m. EDT. Hosting the call will be Chris Pappas, chairman and chief executive officer, and Jim Leddy, chief financial officer. The conference call will be webcast live from the Company's investor relations website at http://investors.chefswarehouse.com. An online archive of the webcast will be available on the Company's investor relations website.

Forward-Looking Statements

Statements in this press release regarding the Company's business that are not historical facts are "forward-looking statements" that involve risks and uncertainties and are based on current expectations and management estimates; actual results may differ materially. The risks and uncertainties which could impact these statements include, but are not limited to the following: our success depends to a significant extent upon general economic conditions, including disposable income levels and changes in consumer discretionary spending; the relatively low margins of our business, which are sensitive to inflationary and deflationary pressures and intense competition; the effects of rising costs for and/or decreases in supply of commodities, ingredients, packaging, other raw materials, distribution and labor; crude oil prices and their impact on distribution, packaging and energy costs; our continued ability to promote our brand successfully, to anticipate and respond to new customer demands, and to develop new products and markets to compete effectively; our ability and the ability of our supply chain partners to continue to operate distribution centers and other work locations without material disruption, and to procure ingredients, packaging and other raw materials when needed despite disruptions in the supply chain or labor shortages; risks associated with the expansion of our business; our possible inability to identify new acquisitions or to integrate recent or future acquisitions, or our failure to realize anticipated revenue enhancements, cost savings or other synergies from recent or future acquisitions; other factors that affect the food industry generally, including: recalls if products become adulterated or misbranded, liability if product consumption causes injury, ingredient disclosure and labeling laws and regulations and the possibility that customers could lose confidence in the safety and quality of certain food products; new information or attitudes regarding diet and health or adverse opinions about the health effects of the products we distribute; changes in disposable income levels and consumer purchasing habits; competitors' pricing practices and promotional spending levels; fluctuations in the level of our customers' inventories and credit and other related business risks; and the risks associated with third-party suppliers, including the risk that any failure by one or more of our third-party suppliers to comply with food safety or other laws and regulations may disrupt our supply of raw materials or certain products or injure our reputation; our ability to recruit and retain senior management and a highly skilled and diverse workforce; unanticipated expenses, including, without limitation, litigation or legal settlement expenses; the cost and adequacy of our insurance policies; the impact and effects of public health crises, pandemics and epidemics, such as the outbreak of COVID-19, and the adverse impact thereof on our business, financial condition, and results of operations; significant governmental regulation and any potential failure to comply with such regulations; federal, state, provincial and local tax rules in the United States and the foreign countries in which we operate, including tax reform and legislation; risks relating to our substantial indebtedness; our ability to raise additional capital and/or obtain debt or other financing, on commercially reasonable terms or at all; our ability to meet future cash requirements, including the ability to access financial markets effectively and maintain sufficient liquidity; the effects of currency movements in the jurisdictions in which we operate as compared to the U.S. dollar; changes in the method of determining Secured Overnight Financing Rate ("SOFR"), or the replacement of SOFR with an alternative rate; and the effects of international trade disputes, tariffs, quotas and other import or export restrictions on our international procurement, sales and operations. Any forward-looking statements are made pursuant to the Private Securities Litigation Reform Act of 1995 and, as such, speak only as of the date made. A more detailed description of these and other risk factors is contained in the Company's most recent annual report on Form 10-K filed with the SEC on February 27, 2024 and other reports filed by the Company with the SEC since that date. The Company is not undertaking to update any information until required by applicable laws. Any projections of future results of operations are based on a number of assumptions, many of which are outside the Company's control and should not be construed in any manner as a guarantee that such results will in fact occur. These projections are subject to change and could differ materially from final reported results. The Company may from time to time update these publicly announced projections, but it is not obligated to do so.

About The Chefs' Warehouse

The Chefs' Warehouse, Inc. (http://www.chefswarehouse.com) is a premier distributor of specialty food products in the United States, the Middle East and Canada focused on serving the specific needs of chefs who own and/or operate some of the nation's leading menu-driven independent restaurants, fine dining establishments, country clubs, hotels, caterers, culinary schools, bakeries, patisseries, chocolateries, cruise lines, casinos and specialty food stores. The Chefs' Warehouse, Inc. carries and distributes more than 70,000 products to more than 44,000 customer locations throughout the United States, the Middle East and Canada.

- 1. We are presenting EBITDA and Adjusted EBITDA, which are not measurements determined in accordance with the U.S. generally accepted accounting principles, or GAAP, because we believe these measures provide additional metrics to evaluate our operations and which we believe, when considered with both our GAAP results and the reconciliation to net income, provide a more complete understanding of our business than could be obtained absent this disclosure. We use EBITDA and Adjusted EBITDA, together with financial measures prepared in accordance with GAAP, such as revenue and cash flows from operations, to assess our historical and prospective operating performance and to enhance our understanding of our core operating performance. The use of EBITDA and Adjusted EBITDA as performance measures permits a comparative assessment of our operating performance relative to our performance based upon GAAP results while isolating the effects of some items that vary from period to period without any correlation to core operating performance or that vary widely among similar companies.
- 2. Represents non-cash stock compensation expense associated with awards of restricted shares of our common stock and stock options to our key employees and our independent directors.
- 3. Represents non-cash changes in the fair value of contingent earn-out liabilities related to our acquisitions, non-cash charges related to asset disposals, asset impairments, including intangible asset impairment charges, certain third-party deal costs incurred in connection with our acquisitions or financing arrangements and certain other costs.
- 4. Represents rent and occupancy costs expected to be incurred in connection with our facility consolidations while we are unable to use those facilities.
- 5. Represents moving expenses for the consolidation and expansion of several of our distribution facilities.

We use EBITDA and Adjusted EBITDA, together with financial measures prepared in accordance with GAAP, such as revenue and cash flows from operations, to assess our historical and prospective operating performance and to enhance our understanding of our performance relative to our performance based upon GAAP results while isolating the effects of some items that vary from period to period without any correlation to core operating performance or that vary widely among similar companies.
- 2. Represents non-cash stock compensation expense associated with awards of restricted shares of our common stock and stock options to our key employees and our independent directors.
- 3. Represents rent and occupancy costs expected to be incurred in connection with our facility consolidations while we are unable to use those facilities.
- 4. Represents non-cash changes in the fair value of contingent earn-out liabilities related to our acquisitions, non-cash charges related to asset disposals, asset impairments, including intangible asset impairment charges, certain third-party deal costs incurred in connection with our acquisitions or financing arrangements and certain other costs.
- 5. Represents moving expenses for the consolidation and expansion of several of our distribution facilities.
