(f) Messrs. Kiper, Vizi and White are citizens of the United States of America.

Item 3. Source and Amount of Funds or Other Consideration.

The Shares purchased by each of Legion Partners I and Legion Partners II were purchased with working capital (which may, at any given time, include margin loans made by brokerage firms in the ordinary course of business) in open market purchases, except as otherwise noted in Schedule A, which is incorporated herein by reference.

The aggregate purchase price of the 977,332 Shares owned directly by Legion Partners I is approximately \$12,647,483, including brokerage commissions. The aggregate purchase price of certain call options exercisable into 451,700 Shares beneficially owned by Legion Partners I, as further described in Item 6 below, is approximately \$1,654,561, including brokerage commissions.

The aggregate purchase price of the 89,131 Shares owned directly by Legion Partners II is approximately \$1,156,015, including brokerage commissions. The aggregate purchase price of certain call options exercisable into 41,100 Shares beneficially owned by Legion Partners II, as further described in Item 6 below, is approximately \$150,535, including brokerage commissions.

Item 4. Purpose of Transaction.

The Reporting Persons purchased the Shares based on the Reporting Persons' belief that the Shares, when purchased, were undervalued and represented an attractive investment opportunity. Depending upon overall market conditions, other investment opportunities available to the Reporting Persons, and the availability of Shares at prices that would make the purchase or sale of Shares desirable, the Reporting Persons may endeavor to increase or decrease their position in the Issuer through, among other things, the purchase or sale of Shares on the open market or in private transactions or otherwise, on such terms and at such times as the Reporting Persons may deem advisable.

The Reporting Persons believe that the current market price of the Shares does not reflect the Issuer's intrinsic value. In the Reporting Persons' view, one of the key areas that does not appear to be well understood or fully appreciated by the market, is the opportunity for the Issuer's adjusted EBITDA margins to expand from current levels. Historically, the Issuer had been able to achieve adjusted EBITDA margins of 7% or higher, however, during the last several years, the Issuer has made significant investments in building new facilities in New York, Chicago, San Francisco and Las Vegas, as well as executing several larger acquisitions. While the Reporting Persons believe these investments have better positioned the Issuer for future growth, these investments appear to have significantly depressed adjusted EBITDA margins to approximately 5.4% on a trailing twelve month basis.

The Issuer's management has publicly stated, as recently as December 2016, that their goal is to achieve a 7% adjusted EBITDA margin. Some investors may question whether a 7% adjusted EBITDA margin is even possible given the protein acquisitions that the Issuer has made over the last several years. A review of SEC filings related to the Issuer's largest acquisition, Del Monte Meat Company, reveals an EBITDA margin profile of that company of approximately 11% at the time of the acquisition. While there appears to be some acquisition related integration challenges, the Reporting Persons believe the overall margin potential for the Issuer has not been permanently diminished by its protein acquisitions and anticipate significant improvements in adjusted EBITDA in the near future.

The Reporting Persons further believe that improvements in transparency, corporate governance and compensation can have a meaningful positive impact on the market's perception of the Issuer and have recommended to the Issuer certain action items that management and the Issuer's Board of Directors (the "Board") can take, including, among other things, to adopt a majority vote standard for the election of directors, a phase out of related party transactions, and a refocus of executive compensation on creating sustained long-term value rather than on short term goals. The Reporting Persons intend to continue discussions with management and the Board regarding its recommendations to maximize the value of the Shares.

No Reporting Person has any present plan or proposal which would relate to or result in any of the matters set forth in subparagraphs (a) - (j) of Item 4 of Schedule 13D except as set forth herein or such as would occur upon or in connection with completion of, or following, any of the actions discussed herein. The Reporting Persons intend to review their investment in the Issuer on a continuing basis. Depending on various factors including, without limitation, the Issuer's financial position and investment strategy, the price levels of the Shares, conditions in the securities markets and general economic and industry conditions, the Reporting Persons may in the future take such actions with respect to their investment in the Issuer as they deem appropriate including, without limitation, continuing to engage in communications with management and the Board, engaging in discussions with stockholders of the Issuer and others about the Issuer and the Reporting Persons' investment, making proposals to the Issuer concerning changes to the capitalization, ownership structure, board structure (including board composition) or operations of the Issuer, purchasing additional Shares, selling some or all of their Shares, entering into financial instruments or other agreements that increase or decrease the Reporting Persons' economic or beneficial exposure with respect to their investment in the Issuer, engaging in short selling of or any hedging or similar transaction with respect to the Shares, including swaps and other derivative instruments, or changing their intention with respect to any and all matters referred to in Item 4.

Item 5. Interest in Securities of the Issuer.

(a) The aggregate percentage of Shares reported owned by each person named herein is based upon 26,254,318 Shares outstanding as of October 28, 2016, which is the total number of Shares outstanding as reported in the Issuer's Quarterly Report on Form 10-Q filed with the Securities and Exchange Commission on November 2, 2016.
